

WELCOME TO THE

Vesper

BAR

The name of our bar was inspired by the 1953 cocktail in the original James Bond novel, *Casino Royale*. Taking this into consideration, all the drinks on our menu are listed to show the progression of cocktails from around the world.

The menu is separated into two styles: Classic and Vesper Interpretations. As the names suggest, the Classic is a traditional rendering of the drink, in its original formula. The Vesper Interpretation is based on the original but infused with a modern make-over to show off the evolution of the industry and also to cater to a more discerning and adventurous palate.

Please feel free to order from either menu, or, if you have a personal preference, our mixologists are happy to recreate, inspire or develop a drink just for you. We want you to be as involved in our cocktail program as we all are and to embrace the unique drinking experience that is associated with a visit to
